

Vision 2025 Public Comments

April 19, 2007

- I would like to see a summary of actions taken so far by the committee. The summary should be given to the audience at the beginning of the meeting. The audience would be able to give some constructive feedback. It would also increase the public participation and interest in the process. The main reason for Vision 2025 was to change the 20 acre rule and to protect prime Ag land. I don't understand how anyone would be against a moratorium.
